

## Trailer Axle Warranty

Watson & Chalin Mfg, Inc. warrants that the axle structural components, when properly assembled and installed, to be free of defects in material and workmanship under normal use and service for a period of 5 years or 800,000 Km (500,000 miles), whichever comes first, with such term starting from the first date of registration of the trailer or vehicle, or the date of installation of the Product as a service part, but in no event later than 6 months after delivery of the respective product to the original purchaser.

This warranty applies only to the non-wearable structural parts such as the beam including the spindles, spiders, and brackets, and exclusive to wearable parts such as shoes and linings, seals, bearings, hubs and drums, cams and all bushings.

The responsibility under this warranty is limited to the replacement or reconditioning of defective parts at no charge. Such parts are to be returned, prepaid to Watson & Chalin Mfg, Inc., subject to our inspection or the inspection in the field by an authorized representative of the company.

The warranty is null and void if the products are subject to damage as a result of abuse, negligence or accident and if the product is not used normally, on highway, or in approved applications. There is no other warranty expressed or implied, on behalf of Watson & Chalin Mfg, Inc.
